

TECH / CAMP

2015

LET US MAKE...

20 — 30 JULY 2015
CIPRIANI LABOUR COLLEGE
VALSAYN, TRINIDAD

TECH / CAMP

2015

TechCamp 2015 will offer participants a chance to express their creativity, discover hidden talents and develop new skills that can serve them for life.

The theme for this year's camp is "Let Us Make..."

Over the course of TechCamp 2015, participants will be given an inside-out look at the technology that surrounds them in life.

As always with TechCamp, participants will be immersed in an environment where collaboration and team-work are key to the values-based foundation behind all TechCamp activities.

TechCamp attendees will be interacting with industry practitioners and real-world innovators to gain practical insights that can impact both their career choices and their outlook on life.

WELCOME

KEY INFO

AGENDA AT A GLANCE

July 20-30, 2015, 8:45 a.m. to 3:00 p.m. Mon - Fri

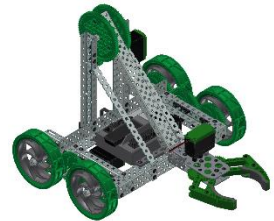

WEEK 1

Make it Work – These sessions cover the basics of the Maker Movement. Topics will include – How gadgets work, materials and design and the creative mindset needed to translate problems into solutions.

Make It Great – In this segment we explore design concepts, coding fundamentals and maker techniques.

WEEK 2

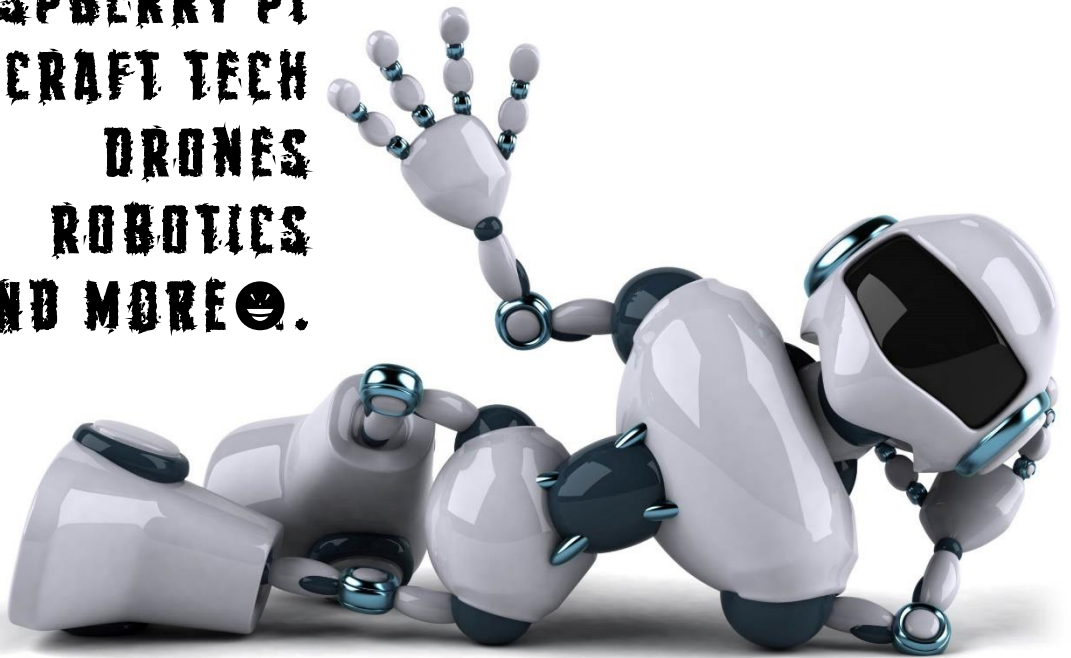

Make it Together - From idea to innovation, this segment delves into the collaborative process that lies behind all great invention. Participants will be given the tools, the time, the technology and, importantly, the inspiration to make it together!

SCIENCE + TECH = FUN

TechCamp 2015 sessions will cover some of the latest technologies while exploring the principles that lay behind them.
